Your Pharmacy and Repeat Prescriptions

As part of our October/November Healthwatch Oldham 100 project, we produced a survey asking people about their experiences of using their Pharmacy and ordering their Repeat Prescriptions. 56 people told us...

What was good?

92%

Have a Pharmacy close to home

98%

Feel comfortable with their pharmacy

82%

Say their Pharmacy has a confidential area

85%

Say the method of ordering repeat prescriptions is an easy process

91%

Say that their prescriptions are either late, missing items, out of stock or include the wrong medication!

58%

Say that this has happened to them more than once

49%

Say that their medication is not always ready to collect

Scope for Improvement
